

## Toolless Shielded Cat6a Keystone Jack, PoE/PoE+ Compliant, Shuttered - Silver, TAA

MODEL NUMBER: N238-001-SH-TFA

Terminate your shielded Cat6a wall jack without using a punchdown tool. Ideal for wallplates, patch panels and surface-mount boxes.

### Description

Strengthen your high-speed network with Tripp Lite's N238-001-SH-TFA Toolless Shielded Cat6a Keystone Jack. Terminate your Cat6a wall jack without using a punchdown tool. Just lace the conductors into the stuffer cap, press the 110 connector, and lock the jack into place. Use in wallplates, patch panels and surface-mount boxes. Power over Ethernet Plus (PoE+) compliant. RJ45 port is compatible with all Shielded Cat6a cables, and toolless punchdown connection is compatible with 22-24AWG Solid Wire cabling. The N238-001-SH-TFA's protective housing is fully shielded to reduce EMI/RFI interference that can damage or degrade data.

### Features

**Strengthens Your High-Speed Network** Ideal for wallplates, patch panels and surface-mount boxes Lets you terminate your Cat6a wall jack without using a punchdown tool Toolless punchdown connection compatible with 22-24AWG Solid Wire cabling RJ45 port compatible with all Shielded Cat6a cables Power over Ethernet Plus (PoE+) compliant, specially designed to prevent spark-gap erosion

**Superior Construction for Superior Performance** Fully shielded housing cuts down on EMI/RFI interference that can damage or degrade data Features a shutter / dust cap that protects from dust and contaminants when not in use UL-listed Meets all EIA/TIA Cat6a requirements

**TAA-Compliant** Compliant with the Federal Trade Agreements Act (TAA) for GSA Schedule purchasing

## Specifications

| OVERVIEW   |                      |
|------------|----------------------|
| UPC Code   | 037332189967         |
| Technology | Cat5/5e; Cat6; Cat6a |
| PHYSICAL   |                      |

### Highlights

- Easy to terminate—no punchdown tool required
- Protective shielded housing reduces EMI/RFI interference
- Features a shutter / dust cap that protects from dust and contaminants when not in use
- Keystone design for use with wallplates, patch panels and surface mount boxes
- Power over Ethernet Plus (PoE+) compliant, specially designed to prevent spark-gap erosion
- Meets all EIA/TIA Cat6a requirements

### Package Includes

- N238-001-SH-TFA Toolless Shielded Cat6a Keystone Jack, PoE+ Compliant, Silver
